

ILUN

RED WINE

ILUN is the latest creation of Gorka Izagirre winery, our red wine. Made entirely from the little-known Hondarrabi Beltza variety, it stands out for its freshness, uniqueness and pure Atlantic character.

ILUN, in Basque 'dark' and 'god of the night', takes us to a little-known part of the world of txakoli, to a place that was forgotten, and that is gradually taking its place again.

It is perfect for tasting with cold meat, white meat and fish.

A wine that will surely surprise you.

Type of wine

Txakoli Beltza

Varieties

100% Hondarrabi Beltza

Vineyard surface

1,5 hectare

Vineyard

Astoreka

Harvest date

2022

Average Production

7.000 bot.

TASTING NOTE

Lightly coloured, it presents a bigarreau cherry colour combined with a beautiful purple.

It has a high aromatic intensity, defining from the beginning the characteristic of the grape variety and its Atlantic origin. Its herbaceous nature is wrapped by red fruit aromas, such as redcurrant and raspberry and with an elegantly spicy point.

The wine has a light and very pleasant entry, with a smooth and velvety passage. The mouth, perfectly balanced, is filled with red fruit and herbaceous flavors with a fresh balsamic finish. A very easy drinking wine that invites you to have the next glass.
